Frontend	React.js · Next.js · TypeScript · JavaScript (ES6+) · Tailwind CSS · HTML5 · CSS3 · Framer Motion
Backend	Node.js · Express.js · REST API Development · Authentication Systems · Server Architecture
Database & ORM	MongoDB · Prisma ORM · Firebase · SQLite
Tools	Git / GitHub · Vercel · Firebase Storage · Postman · Linux Basics · NPM
Practices	MVC Architecture · API-First Development · Agile Workflow · Mobile-First Design · Clean Code
Systems Built	POS Systems · Educational Portals · E-Commerce · Management Dashboards · Booking Systems

WORK EXPERIENCE

Founder & Lead Full-Stack Developer

2023 – Present

KurdVision · Erbil, Iraq

- › Founded KurdVision, a software and digital solutions brand focused on smart systems and modern web technologies.
- › Designed and developed production-ready systems used by businesses, restaurants, and educational institutions.
- › Architected scalable full-stack applications using Next.js, Node.js, MongoDB, Prisma ORM, and Firebase.
- › Built responsive dashboards, authentication systems, real-time features, and admin management platforms.
- › Led complete software lifecycle from UI/UX design and database architecture to deployment and maintenance.
- › Developed modern POS and management systems optimised for business workflow and performance.

REAL-WORLD PROJECTS

ISE Portal — Academic Management Platform

[newisedportalversion.vercel.app](#)

Next.js · Prisma · MongoDB · TypeScript · WebRTC

- › Full-featured educational portal for ISE students at Erbil Polytechnic University — 1,000+ students.
- › Covers semesters, lectures, assignments, live quizzes, announcements, AI assistant, and Campus Pulse video episodes.
- › Built authentication, student profiles, academic stage management, and 200+ organised resources.

Zingal Riche POS — Smart Retail Point-of-Sale

[possupportmultilanguage.vercel.app](#)

Next.js · Prisma · SQLite · TypeScript · Tailwind

- › Multilingual POS system for an electronics retail store — 20+ product categories, 2 languages.
- › Supports installment loans, staff management, order tracking, returns, and analytics dashboards.

AmenShop — E-Commerce Platform

[onlineshoppinglastversion.vercel.app](#)

[Next.js](#) · [Node.js](#) · [MongoDB](#) · [Tailwind](#)

- › Production-ready e-commerce application with product management, cart system, and responsive shopping experience.

FairsBlog — Blog & Media Platform

[newfairsblogsite.vercel.app](#)

[Next.js](#) · [Contentful](#) · [Tailwind](#)

- › CMS-driven blog and fair management platform with dynamic content, modern routing, and responsive editorial design.

TripNest Travel — Travel & Booking Website

[tripnesttravel.vercel.app](#)

[Next.js](#) · [Mapbox](#) · [Stripe](#) · [Tailwind](#)

- › Modern travel platform with interactive maps, trip listings, Stripe payments, and seamless booking experience.

KWR System — Business Management System

[zerak-kwr.vercel.app](#)

[React](#) · [Firebase](#) · [Material UI](#)

- › Management platform for operational workflow with dashboard systems, user management, and Firebase integration.

EDUCATION
